# WHAT IS COLORBOOST?

## COLORBOOST™ Lenses Maximize Color Resolution and Color Accuracy

While your eyes can perceive over a million colors, ordinary lenses trap you in a flat, limited world. But with COLORBOOST™ lenses, you will experience a world of brilliant colors with truly vibrant, high-definition clarity.

COLORBOOST™ lenses are designed to optimize every nanometer of the visible light before it reaches your eyes. The result? Our lenses maximize Color Resolution so you can discern an exponentially wider range of distinct hues. And our industry-leading 99% Color Accuracy ensures you see colors exactly as brilliant and true-to-life as nature intended.

Whether you're an elite athlete seeking a competitive edge, a professional who needs maximum visual awareness, or simply someone who wants profound enjoyment from the colorful world around you, with COLORBOOST™ lenses, you will never look at the world the same way again.

## COLORBOOST™ Semi-Finished Technical Parameters

Type	Use	Material	Polarization	Index	Lens Diameter (mm)	Base Lens	True Curve	Rear Curve	SAG (40mm)	Front Radius (mm)	Rear Radius (mm)	Center Thickness (mm)	Edge Thickness (mm)	Rx Range (SPH)
SFSV	Single Vision, Digital Progressive	Polycarbonate	Polar, Non-Polar	1.595	78	4.00	4.00	4.05	1.53	131.3	130.8	10.0	9.9	-9.5 to +5.0
						6.00	5.97	6.08	2.30	87.9	87.2	10.0	9.8	-7.5 to +4.0
						8.25	8.17	9.60	3.19	64.2	55.2	10.0	12.9	-5.5 to +3.0

## COLORBOOST™ Availability

COLORBOOST™ lenses come in a variety of lens materials in plano and semi-finished formats. Lens options include polarized and non-polarized, and with premium coatings like anti-reflective, mirrored, anti-fog, water or oil-repellent.

## How to Order

For ordering COLORBOOST™ lenses, please visit [huelens.com/how-to-order](http://huelens.com/how-to-order) or use the QR code.

The logo for Colorboost LENSES features the word "Colorboost" in a multi-colored font (purple, blue, green, yellow, orange, red) with a rainbow-colored arc above it. Below "Colorboost" is the word "LENSES" in a smaller, grey, sans-serif font.

**Colorboost**  
LENSES

The Hue Lens logo features a stylized 'H' icon composed of three parallel, slightly curved lines in blue, green, and yellow, positioned to the left of the text.
